### What?

Join us for a time to meet-and-greet our IN members and leaders. We will discuss current Ethics and Professional Development IN initiatives and provide opportunities for members to discuss initiatives they would like to lead or have IN support, collaboration, or mentorship to carry out.

**Purpose of Ethics and PD IN:** *Our interest network is a place for connection and collaboration of SACES members who have an interest in ethics and professional development in the field of counselor education and supervision.*

### What benefits do I get for being part of the Ethics and Professional Development IN?

**As part of the Ethics and Professional Development IN, you have the opportunity to to hear about and join SACES-led initiatives. We, as an interest network, can also support your initiatives by sharing your research ideas and connecting you with other researchers for collaboration and mentorship. Additionally, you may choose to serve as a mentor (or be a mentee!) to individuals in the field who are navigating the tricky world of ethics, job hunting, and professional development.**
